

# SUPERSTACK® II SWITCH MATRIX CABLE

Part No. 3C16965

The SuperStack® II Switch Matrix Cable is designed for use with:

Figure 1

- All 3Com switches in the SuperStack II range that support a matrix port.
- The SuperStack II Switch Matrix Module (3C16960).

Typical configurations are shown in Figures 1 and 2. Figure 1 shows a back-to-back connection using the matrix ports. Figure 2 shows a stack of three units using a matrix module.

Figure 2

In the user guide that accompanies your SuperStack II Switch, you can find the following:

- Instructions for connecting two switches back-to-back.
- Instructions for connecting multiple units to form a stack.
- Full warranty information for 3Com products.
- Information about technical support.
