We can also build any Tek Panel to suit your specific needs. We specialize in customizing our All-In-One systems to be used in a wide variety of environments (indoors and outdoors) and an even wider variety of applications.

Our ruggedized line of All-In-One systems called Tuf Panel™ are specifically engineered to be used outdoors under the most extreme temperature and lighting conditions.

Below are some other customized applications for the Tek Panel All-In-One PC/HDTV system:

- Military-grade Tek Panels for field operations
- Camera-mounted units for distance-learning and video conferencing
- Table-top systems for entertainment/education
- Indoor/Outdoor digital signage
- Custom casing for digital artwork frames
- Digital whiteboarding using specialized annotation software
- Ultra-accessibility systems for hearing and vision impaired

Call us at 630.466.7664 to discuss your specific customization requirements.
